EXPERIENCE

Event Mobile App
Campuslands - 2024

is a web application developed with HTML, CSS and JavaScript that makes it easy for users to access musical events in a user-friendly and intuitive way. With a rich user experience, you can search for events according to your preferences, obtain all the necessary information and buy your tickets in one place.

Calculator IMC - Website
Campuslands - 2024

This project allows you to calculate your Body Mass Index (BMI) in a simple, fast and interactive way. HTML, CSS and JavaScript were used for this project.
